

HOOSIER FEEDER™

OPPOSING CONVEYOR SYSTEM

Simple & Effective Product Singulation

HOOSIER FEEDER™

Hoosier Feeder specializes in delivering high-quality and efficient feeding, orienting, and conveying solutions. Offering custom-built vibratory feeder bowls, centrifugal feeder bowls, conveyor systems, and more. We take pride in serving industries worldwide with dependable automation equipment.

Opposing Conveyor System

Our Opposing Conveyor System is a simple and effective way to singulate and properly orient products and increase efficiency in your operations.

- Compact design occupies less space compared to chicane systems and other solutions
- Quiet operation enhances working environment
- Ease of maintenance ensures continued reliability
- Adaptable for various product sizes and rates
- Seamlessly integrates with existing production lines

Applications include:

- Packaging & Secondary Packaging
- Assembly Automation
- Health & Beauty
- Consumer Goods
- And More!

Opposing Conveyor System

- Opposing, low-profile belt conveyors
- Rates from 10 PPM to over 250 PPM
- FDA-Approved material options for food and pharmaceutical applications
- Heavy-Duty options:
 - Cut-resistant belts
 - Wire belts for high-temperature parts handling
- Adaptable to various product sizes and production requirements
- Variable Feed Rates: Capable of feeding products at low to high rates

Complete Line of Conveyor Solutions Available

We offer a complete line of conveyor solutions designed to optimize your production:

- Belted & Modular Belt Conveyors
- Flexible Chain Conveyors
- Orienting Conveyors
- And More!

Service & Support

We want the life of your feeding system, from the moment it leaves our facility, to be efficient and effective in your process so we do whatever we can to assist in integration, implementation and maintenance.

- Warranty
- Installations
- Replacement Parts
- Service & Repairs
- Technical Documents & Resources
